

A clear case of a lemon vehicle. That was the last time the BBB called me for a case.

I even let them know I was free during the day. They still haven't called.

The BBB may give you a list of arbitrators to pick from, but you can bet, it is LOADED with those who usually rule in favor of the business.

After all, who pays the salaries of the BBB employees? THE BUSINESS MEMBERS.

[STOP! ..before you think about using the Better Business Bureau \(BBB\)... CLICK HERE to see how other consumers were victimized by the BBB's false or misleading information. Don't be fooled! It has been reported, when there are thousands of complaints and other investigations underway by authorities, the BBB has no choice but to finally give an UNSatisfactory rating to a BBB member business that is paying the BBB big membership fees every year. When a business is reported that is NOT a BBB member, BBB files WILL more likely show an UNSatisfactory rating, then reportedly shake down that company to become a member of the BBB. One positive thing about the BBB is, either way, if a business has an unsatisfactory rating with the BBB, you can be sure, the business is bad. But what about all those BBB member businesses that had complaints filed against them? Consumers never get to hear about them. What about the BBB advertising to the public? Is this a false and misleading perception they are giving about "consumer confidence" when dealing with a business? Click here to understand more of what consumers and business alike are saying about the BBB. You decide. ..Remember. The BBB membership is not earned, it's paid for!](#)
