

information when you are trying to decide on a company to do business with. BULLSHIT!

The Better Business Bureau is nothing more than an advocate for member businesses which pay their yearly fees! Consumers Beware, You Can't Trust the Better Business Bureau!

Oh by the way. If you were to check on the standing and number of complaints on the siding company that I used, the BBB report would say the same thing that it said 12 months ago when I checked his standing! I've learned a very valuable lesson! Never do Business with a BBB member and never sign a contract with an arbitration clause!

I'll take my chances in court where at least they look at the evidence! Lets abolish the BBB!

STOP! ..before you think about using the Better Business Bureau (BBB)... CLICK HERE to see how other consumers were victimized by the BBB's false or misleading information. Don't be fooled! It has been reported, when there are thousands of complaints and other investigations underway by authorities, the BBB has no choice but to finally give an UNSatisfactory rating to a BBB member business that is paying the BBB big membership fees every year. When a business is reported that is NOT a BBB member, BBB files WILL more likely show an UNSatisfactory rating, then reportedly shake down that company to become a member of the BBB. One positive thing about the BBB is, either way, if a business has an unsatisfactory rating with the BBB, you can be sure, the business is bad. But what about all those BBB member businesses that had complaints filed against them? Consumers never get to hear about them. What about the BBB advertising to the public? Is this a false and misleading perception they are giving about "consumer confidence" when dealing with a business? Click here to understand more of what consumers and business alike are saying about the BBB. You decide. ..Remember. The BBB membership is not earned, it's paid for!
